

Proposed Amendments to By-Law 19 of the College of Kinesiologists of Ontario

DRAFT

The following are proposed amendments to By-Law 19 of the College of Kinesiologists of Ontario.

### Document Layout

The document is structured in a table that sets out the current by-law provision, the proposed changes (additions are in red, deletions are struck out) and the rationale for the change. Only proposed changes are included here (by-laws for which no change was proposed have been excluded from this document).

### Consultation

Upon approval of the proposed By-law 19 amendments for circulation, a 60-day external consultation will take place in advance of presenting final proposed changes to Council at its March 2023 meeting. College staff will review all feedback received during the consultation, and Council will be provided with final changes and information obtained during the consultation process for Council's review and approval in March 2023. Once the amendments are approved, staff will communicate these changes to registrants and other stakeholders.
